Just Doing Things Differently

GWASH wants to let clients and our Western Sydney community know that we are still operating programs and clinics - just doing things differently for a while.

Your health, and the health of all of our staff, is our priority. The process for client contact and home visiting services has changed to help slow the spread of the new COVID 19 coronavirus and keep everyone safe and healthy.

HOME VISITING SERVICES

Our home visiting services have been suspended in Western Sydney and our Staff will be in contact with you to discuss options in regards to the wellbeing of you and your family.

CLINIC VISITS

If you need to see one of our Doctors or Nurses, please **call ahead** to the Clinic if you have any of the following symptoms:

*Fever

*Cough

*Sore Throat

*Shortness of Breath

COMMUNITY EVENTS

We are also not participating in Community Events right now and we hope you understand.

Thank you for your patience and cooperation as we work together as a Community to deal with this health issue. We will continue to keep you updated on our plans on Social Media platforms and on our website.

Darren Ah See

Chief Executive officer – WACHS
